Summary

I have been working professionally as a developer for 1 year developing web projects with **C# (.NET CORE)** and **Typescript (React)**. I love to find creative ways to solve problems and I'm always looking to learn more and share information.

Work Experience

Software Engineer at Cox Automotive Brazil - July 2024 – Present – 10 mos

Remote

Working with **C# (.NET CORE)**, **TypeScript**, **React**, and **styled-components** to build and maintain enterprise applications. Collaborating with different teams to deliver high-quality software, following agile practices (**SAFe** methodology) and focusing on performance, scalability, and maintainability.

Systems Analyst at Grupo Matsuda - January 2016 - July 2024 - 8 yr 7 mos

Álvares Machado, São Paulo, Brazil

Worked in the real estate development department, where I developed a land reservation system with digital model of the property and integration with the ERP TOTVS RM, developed with **React**, **Typescript**, **Ant Design**, **NodeJS**, **Prisma ORM**, **PostgreSQL**, **Docker**, **Socket.io**, **Pentaho (ETL)**, **Git** for versioning, **Jest** for automated tests, **Terraform** and **AWS** for hosting and **PWA (mobile)**. Resulting in improvement on productivity, security and user experience of the reservation process for over a 300 users.

Also responsible for providing IT support across the company, including workstation setup, printer and network configuration, and system troubleshooting. Worked managing users, permissions, backups, and server maintenance supporting the ERP TOTVS RM, handling open calls, user requests, and small customizations to ensure the system ran smoothly for all departments.

Education

Unoeste

Bachelor's degree, Information Systems - 2021

Certifications

CSS Grid Layout - Origamid - May 2021 - [Certificate](#)
CSS Flexbox - Origamid - March 2021 - [Certificate](#)
